

Bowl for Kids' Sake Fundraising Idea

SNACK SALE

Remember selling (or buying) candy bars for your school club or a field trip? This fundraising idea is taken from that tradition.

Buy candy bars, nutritional bars, and/or other snacks in bulk and sell them at work or other gatherings for a profit. To increase demand, maybe choose something that is not readily available in nearby vending machines

Providing a service AND raising \$\$ for the kids ... can it get any better than that?
